

## Background

Build The Wright Way is built on four generations of builders and carpenters, carrying forward a family legacy of craftsmanship and hard work. As the first father-son collaboration in the Wright family, we're proud to blend traditional skills with modern building practices. We care deeply about every project we take on and believe that our name represents quality, trust, and attention to detail.

## Our Services

**Carpentry**

Carpentry isn't just a trade to us—it's part of who we are. Four generations of builders and carpenters have passed down their skills, values, and dedication to quality work. When you hire us for carpentry, you're getting more than just a job done—you're getting our family's commitment to excellence.

#### **What We Do:**

Our team is trained to deliver top-quality workmanship across all areas of carpentry, including:

- Frames
- Lock-Up
- Fix
- Fit-Off
- Decks & Pergolas
- Cladding
- Retaining Walls

#### **How We Work:**

Every project starts with a conversation. If we need more information than what you provide through plans or details, we'll schedule a site visit to get a clear understanding of what's required. From there, we'll offer either a quotation or an hourly rate, along with a timeframe to complete the work.

We're also able to provide additional support as part of our carpentry services when we commence work on your project. These include:

- Calculating materials with a detailed take-off list.
- Supplying all necessary materials for the job.

---

#### **Scaffolding**

Safety is non-negotiable in this industry, and that's why we've stepped up to provide reliable, professional scaffolding services. Whether you're building a new home, renovating, or tackling a larger project, we'll make sure every trade on-site can work safely and efficiently.

#### **What We Do:**

We specialize in Kwikstage scaffolding solutions, offering:

- Supply
- Erection
- Dismantling

#### **How We Work:**

When you reach out, we'll review the details you provide. If needed, we'll organize a site visit to understand your specific scaffolding needs. After gathering all the information, we'll supply you with:

- A clear quotation and timeline.
  - A detailed scaffolding layout tailored to your project.
- 

#### **Excavation**

Excavation is the backbone of many construction projects, and getting it wrong can lead to costly issues down the line. That's why we take it seriously—our main builder personally oversees all excavation work to ensure it's done right the first time.

#### **What We Do:**

Our capabilities include:

- Operating 3.5-ton and 4.5-ton excavators with a variety of attachments (augers, rock picks, and buckets).
- Using a tipper truck for efficient material removal.

#### **Flexibility:**

If our equipment isn't suited for your project, we're happy to adapt. You can supply the machine, or we can arrange for equipment hire to suit your needs while still using our experienced operator.

#### **How We Work:**

After contacting us, we'll review your plans or details. If needed, we'll visit your site to assess the job. From there, we'll provide you with either a quote or an hourly rate based on what's most appropriate for your project.

---

#### **Custom Homes**

Building your dream home is a personal journey, and we treat it that way. Whether it's a new home, an extension, or a renovation, we want to meet you face-to-face to truly

understand your vision. This isn't just about building—it's about making your ideas come to life.

### **What We Build:**

- New Homes
- Developments
- Extensions
- Renovations
- Factories

### **Licensing:**

We're licensed as a Domestic Builder (Unlimited) and a Commercial Builder (Low-Rise).

### **How We Work:**

No matter where you're starting—whether you're at the drawing board or have everything ready to go—we'll help you figure out the next steps.

### **Fixed-Priced Contracts for Peace of Mind:**

To support our clients in achieving their dream homes, we also offer fixed-priced contracts. These contracts are particularly helpful for loan eligibility, giving you the financial certainty to plan your project and secure funding for the home you truly want.

### **Getting Started:**

- Book an in-person appointment through our online booking page.
- Reach out via our contact form, email, or phone.

Once we understand your project, we'll provide a detailed quotation and guide you through the process.

---

## **Why Work With Us?**

- **Experience You Can Trust:** Four generations of builders and carpenters.
  - **Tailored Services:** We adapt our approach to suit your needs.
  - **Commitment to Quality:** Every project is completed with care and precision.
